# How Juno Works

Born in the Harvard Innovation Labs, Juno uses group buying power to negotiate with multiple lenders across the US to get an exclusive discount on financial products students need.

- 1.** Build a large group of students, graduates, families seeking financial products.
- 2.** Run a bid for partners to compete for our members' business.
- 3.** share the exclusive deal with members.

# Why trust Juno?

Juno is the only organization that has successfully negotiated discounts for student loans on behalf of large groups of students.

Since launch, our community has grown to \$250M worth of demand for better loans. This is simply because we always offer the best deal to our members. Our past achievements and numbers speak for themselves.

By leveraging our bulk-buying power, Juno can guarantee the lowest possible interest rates available on student loans.

**50,000+**

Juno has grown to over  
50,000+ members

**90%**

9 out of 10 members hear  
about us from a friend.

**\$250M+**

**"superb! This was by far the best rate I received. The process was very simple and I would do it next year 100%"**

**"I had applied for loans through Laurel Roads and got 5.3%+ offers then re-applied with Juno and got 4.7% rates (also through Laurel Roads)."**

**"Thanks all I just secured my loan for 5.5% beating CommonBond by an entire 1%. Thanks."**

# US Students Abroad Loans

Juno is excited to announce that we are now offering discounted loans for US students and international students with a valid US cosigner that are studying in some universities abroad.

We are so confident in our product that we are offering a lowest rate guarantee. If you can find a better rate from any US lender else, we will beat it.
